

# Will you help Bridgehaven THRIVE?

- **Prevention:** Bridgehaven's education program encourages young people to make healthy choices mentally, physically, emotionally, and spiritually. Whether in schools, at-risk programs, youth groups, or other agencies around our community, we talk about the things no one else wants to and desire youth to make the healthiest choices possible for a thriving future.
- **Client Advocacy:** Clients come for a no-cost pregnancy test or ultrasound and find compassion, hope, and help. We are a safe place to explore the pressures and emotions one might face during an unplanned or difficult pregnancy. We give medically accurate information and walk with them during this crossroad of life.
- **Client Support:** We believe in community! We are a place for learning and growth for families. We offer prenatal and parenting education for moms and dads along with other life skills classes. Through our Earn While You Learn program, over 100 families grow in skills and knowledge, and they are in return blessed with food and clothing resources to ensure their family is cared for physically.

Bridgehaven has served hundreds of families in our community for over 35 years. Through education and support, we help people indeed overcome obstacles. All of our services are offered free of charge and help many in our community.

But there's still work to be done! We simply cannot do what we do without **your** help. As a leader at your company, you understand the importance of family and supporting and caring for others. **Will you help us make these things possible in our own community? We invite you to join the Bridgehaven family of Business Sponsors today!**
