

Business Sponsorship Opportunities 2025

Serving as Bridgehaven's Board President for the last three years has been an honor. The future is bright as we look to embrace change while holding fast to the foundation our organization stands on. Bridgehaven is a pregnancy support center whose mission is to "empower choices for life." This means that with every service provided, from pregnancy tests to ultrasounds, classes for families and the many material resources given, all at no cost, every person will encounter an experience driven by compassion and understanding.

With recent legislative changes and an increase in clientele, there is a new urgency as our team tirelessly works to meet the needs of our community. Business leaders like you can make a difference! Through community and collaboration, your business can make a direct and lasting impact on the lives of families by partnering with us as a sponsor. Whether through financial contributions, in-kind donations, or co-sponsoring events, your support can help ensure no woman or family walks alone in this journey.

I once heard it said that "the farther you are away from the problem, the easier it seems to solve." Getting involved brings us closer to the issue. When we see and understand more directly, we start to understand how crucial organizations like Bridgehaven are for families in our community. As a business leader in this community, I encourage you to get involved with Bridgehaven. If you do not know about us, reach out. We extend an invitation to our center for a tour and to learn more about who we are and what we do. If you are familiar with Bridgehaven, I urge you to consider financially supporting the ministry as a business sponsor for 2025. Together, we can make a lasting impact on our community, one family at a time.
